Комментарии брокера:

The 59.80m luxury sailing yacht GERMANIA NOVA, built in 2011 is a stunning replica of the Dr. Max Oertz designed and Krupp built racing schooner, Germania, from 1908.

She was designed using identical hull lines as well as the same sail and deck plans. An admirable achievement, GERMANIA NOVA has all of the charm and nostalgia of the Edwardian Era, combined with modern comfort and the high-performance standards of the original GERMANIA.

She carries 12 crew and can accommodate up to 10 guests in one master cabin and four nearly identical guest cabins.
