\*All new plates, cutlery, etc. in the galley fitted

\*The boat was equipped to the MCA standards with all very detailed lifesaving equipment of highest standards

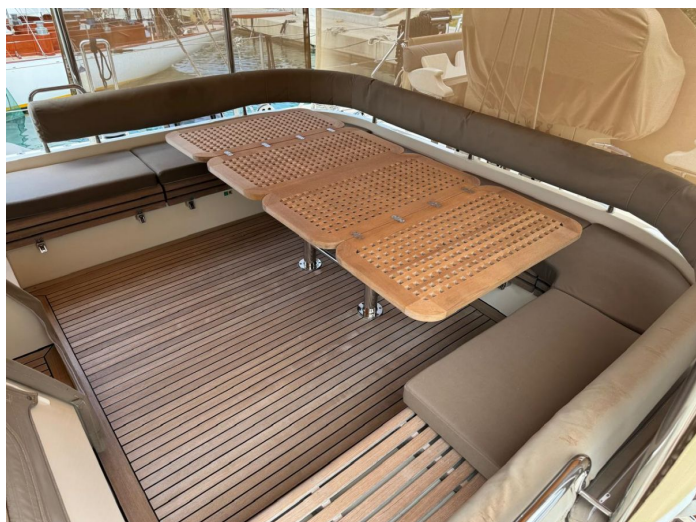

## BROKERS COMMENTS:

The 1993 Jongert 2900M "Celandine", crafted from steel and aluminum, is probably the best ever built. In 2008, she underwent a comprehensive, multimillion-dollar refit at the Jongert shipyard, restoring her to like-new condition. Designed by Doug Peterson, with a beautifully appointed interior by Peter Sijm, her master cabin is found at the stern below the cockpit and contains a large queen size bed, comfortable seating, a desk and a spacious bathroom plus two spacious double staterooms and accommodation for four crew. Meticulously maintained, she remains in excellent condition and is ready for her next voyage.

## LYING:

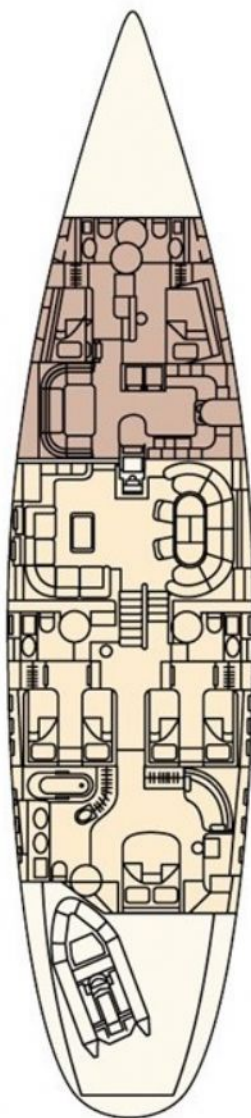

East Mediterranean

## Layout Plans

The particulars presented in this brochure are based on information provided by the sellers and are believed to be correct, although we cannot be liable for any inaccuracy. A prospective buyer is strongly advised to check these particulars and where appropriate and at his own expense to employ a qualified marine surveyor and / or have an engine trial conducted which if conducted by us shall not imply any liability on our part.
